CLEAR THE DIRT!
HOW?
BY USING STANDARD SOAP CO.'S
WASHING POWDERS.

CAUTION.—OWING TO THE MANY IMITATIONS of this article, persons should be very cautious and purchase none but that branded "Standard Soap Company, of San Francisco," on packages and boxes. The imitations are palmed off by dealers, because of a greater profit to themselves. The great demand for this powder is a sure guarantee of its good qualities for washing purposes. It saves time and labor, and does not injure the finest fabric. Sold by all Grocers. Try Standard Soap Co.'s Detersive Soap. ap21d3m

HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER

HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive

Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.

Having examined the New Patent Shaft Coupling, invented by H. B. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.

It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from the rattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.

It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

Oregon and Washington War Claims and other Claims.

THE GOVERNMENT APPOINTED COMMISSIONERS to audit these claims. They awarded about six millions of dollars due claimants, over two millions have been paid, leaving over three and a half millions yet due. By the acceptance of the report of this commission the Government is pledged to the payment of the whole amount, which cannot be honorably avoided.

With a view, therefore, to commencing proceedings for the collection of the unpaid portion, through Congress or the Court of Claims, those claimants desiring Powers of Attorney from me, to act for them, to [illegible] H. Powers will be furnished all wishing them.

Also, the undersigned collects Government Vouchers, Bills, Bounties, Prize Money, Back Pay, Lost Horse, Spoliation, Indian Claims and Claims on the Postoffice Department, and obtains Land Warrants, Pensions, Patents, and attends to all other business before the Departments, and collects all claims on any State. A bounty of $100 given persons who enlisted between 4th May and 22d July, 1861.
C. M. CARTER,
Attorney for Claimants,

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO MAY 25.

Congressional.

WASHINGTON, May 24.—In the Senate, the Legislative appropriation bill was taken up and amendment appropriating $600,000 for the completion of the Louisville canal for the insertion of the entire river, and harbor appropriations, were withdrawn.

Proclamation by the President.

WASHINGTON, May 24.—The President has issued his proclamation against illegal military enterprises against Canada, warning persons taking part therein that they will forfeit all right to protection from the United States Government, and enjoining all United States officers to employ all lawful authority to prevent such unlawful proceedings and arrest and bring to justice all such persons.

Washington News in General

WASHINGTON, May 24.—The Secretary of the Treasury has authorized the addition of $1,000,000 gold to the bullion fund at the Branch Mint San Francisco during the annual settlement to take place in June.

J. W. Stevens, ex State Secretary of North Carolina, was shockingly assassinated at Pelham in that State, Saturday, in the court house; murderers unknown.

Gilman Marston has been nominated for Governor of Idaho. The following nominations are also made: Charles C. Crowe, of Alabama, Secretary of Utah; James B. McKean, of New York, Chief Justice of Utah.

Cyrus W. Field argued before the Senate Foreign Committee to-day in favor of a China telegraph.

The revenue cutter *Lincoln* is ordered to the seal Islands of St. Paul and St. George, with aid to support destitute inhabitants. She is expected to start within ten days. Capt. Chas. Bryant, Revenue Agent, goes in her with an assistant from the Treasury Department to take charge of the Islands.

Fenian Affairs.

ST. LOUIS, May 24.—A large number of armed Fenians left the city this morning for the Northwest.

BUFFALO, May 24.—There is great activity among the Fenian leaders; men are quietly concentrated at their rendezvous; no positiveness as to where the invasion will be made. It is thought the frontier is lined with men. It is reported that the United States steamer *Michigan* has taken position at Port Colborne, Canada, to protect Welland canal. Funds are openly solicited. Four hundred and fifty men left for the East to-night. Another large body starts later. Detachments have arrived from Sharon, Pennsylvania, and Columbus, Ohio. Large reserves will be held here, it is supposed, for the invasion of neighboring provinces.

ROCHESTER, May 24.—A car load of Fenians ticketed for Malone, passed through here this morning for the East. A few Fenians from the southern counties arrived last night over the Erie Railroad.

ST. ALBANS, May 24.—Hundreds of strangers are arriving and departing. All have a military bearing.

MONTREAL, May 24.—The Government has received information of the threatened Fenian demonstration on the frontier. The news does not excite immediate alarm, except in connection with the Red River expedition. It is believed the frontier alarm is a feint to cover the attack on the expedition when it reaches the wilderness, and to prevent reinforcements being sent on. Dispatches from Ottawa state that considerable alarm prevails about the fate of the Red River expedition. Reill is said to have received promises of Fenian aid on condition of establishing a separate independent Republic in the heart of the continent.

A fire in Quebec destroyed over six hundred houses and two new ships.

The Fenians have cut the wires south; particulars not learned.

ALBANY, May 24.—A dispatch from White Hall says that four car loads of Fenians passed there to-day, and four or five thousand have been in St. Albans to-night, armed and equipped. It is said six hundred more will leave here to-night. It is reported that a thousand go from Oneida county. Three car loads from the West passed through Rome bound to Malone.

ST. ALBANS, May 24.—Five hundred Fenians arrived by train, and one or two hundred more from the same vicinity. They go immediately to Franklin, opposite Pigeon Hill, Canada. They have an abundance of arms, ammunition and artillery, and commanded by Col. Donnelly. The Canadian Government sent fifteen carloads of infantry and artillery to Pigeon Hill to-night. Warm work is expected.

OGDENSBURG, N. Y., May 23.—All telegraph lines leading here and the cable across the St. Lawrence, were cut last night by the Fenians. Many arrived to-day. There is much excitement at Waddington, where arms, ammunition and provisions have been stored since March, and which, last night, were put in motion for the Canadian rendezvous. Volunteers are drilling at Prescott. A battery is ordered there from Ottawa. The American Consul at Prescott reports that Gen. Sherman will be here to-morrow with a sufficient amount of regulars to prevent invasion.

TORONTO, May 24.—Active preparations are being made to oppose the Fenians. Troops left Montreal to-night for St. John and the east frontier. Troops were also sent to Prescott and the Niagara frontier. The grand trunk brigade is called out.

MONTREAL, May 24.—A dispatch from Quebec gives the details of a great fire at St. Roche, in the suburbs of the city. Five or six thousand persons are houseless and a hundred thousand dollars worth of property destroyed. The fire originated in a baker's shop, and though troops were out and the houses blown up, all efforts to stop the conflagration were unavailing. Two men are missing and a number of accidents occurred. The homeless people are lodged by the corporation.

Further in Regard to Fenian Movements.

ALBANY, N. Y., May 25.—One hundred Fenians left here by train last night for the west. There was great excitement at the depot. Three hundred wanted to go but transportation could not be furnished. A public Fenian meeting was held to-night.

NEW YORK, May 25.—Gen. O'Neil sent orders to all parts of the country ordering the soldiers of Ireland in this and the Eastern States to meet at St. Albans, and those living West to move eastward toward Malone, all to assemble in the neighborhood of the Vermont and New York frontier. It is said the present movement is made against the wishes of the present Executive Council and Legislature, branch of the Fenian Brotherhood, and contrary to the judgment of the members of O'Neil's cabinet. Disaster and defeat is expected. Only 1,000 men are said to be marching on Canada. The officers in command of the present raid are Gen. O'Neil, Col. Connelly, Col. Lewis, Col. Clingman and Col. Lockron. The Red River expedition is authorized by the entire Brotherhood and is acting under the direction of the Executive Council. It is reported that 500 men, with officers, left this city yesterday for the border.

CHICAGO, May 25.—There is considerable excitement among the Fenians here over O'Neil's threatened raid. A rumor is current of several hundred having left the city within the last two days to join the forces on the border. Prominent Fenians deny the truth of similar reports from Milwaukee.

DETROIT, May 24.—The city is filled with rumors of Fenian movements. It is reported that a steamer with two large barges in tow, carrying 200 men, left the dock last night.

Miscellaneous.

CINCINNATI, May 24.—The Presbyterian Assembly has arranged that the Synod of the Pacific shall embrace all west of the Rocky Mountains.

The vote on ordering the main question on the bill to revive American commerce indicates its defeat, there being eight majority against the motion.

ST. LOUIS, May 25.—The building of the Missouri *Republican* was destroyed by fire last night. Loss estimated at $160,000.

About 120 white men participated in the colored men's celebration of the ratification of the fifteenth amendment, at New Orleans, among whom was General James Longstreet, of the Confederate army, who rode in a carriage literally covered with the "Stars and Stripes."

IDAHO TERRITORY.

[From the Boise Statesman, May 19th.]

On Monday night ice formed on still water an eighth of an inch thick, accompanied by quite a heavy frost. Almost all of the early vegetables in the neighboring fields and gardens were injured, if not entirely destroyed. Wednesday morning again discovered the ground covered with frost. How far it extended down the valley has not been ascertained, but vegetation in the different gulches has suffered severely. Two or three more such nipping frosts will cut off the entire crop of early vegetables.

[From the Avalanche of the 14th inst.]

Working men are scarce in town. On Wednesday a neighboring farmer endeavored to hire a man but at last accounts had not succeeded.

The McMahon Bros. will soon start up their foundry here. Mr. P. McMahon will move to town with his family in order to be more convenient to his work.

A couple of weeks ago we mentioned the arrival of an installment of Leviathan bullion from Flint, and understand that the yield was about $150 per ton. We have since been shown the assay certificate, from which it appears that the yield was much greater than was stated. The correct amount is $197 per ton, certainly a handsome yield.

Individuals who appear posted say that the Rising Star Company will soon recommence operations in Flint, not only on the Rising Star mine, but on several outside ledges.

On Saturday last Fred Warnbee brought over a batch of Astor bullion which panned out at the rate of $168 per ton.

On Wednesday last we visited several of the mines on War Eagle and conversed with a number of miners and prospectors, the result of which is increased confidence in the permanency and richness of our camp. Some parties are at work running cuts and sinking holes a short distance above the Oro Fino road, on the range of the Red Jacket and other mines, which are situated on the summit. Rich float quartz has been found both above and below the road, which leads to the belief that an important discovery will be made in that vicinity.

The large ore house at the Golden Chariot is full to overflowing of quartz, and large quantities are daily being taken from the mine and piled up on the outside. The richest quality of ore is put up in sacks, which will be a saving of much valuable mineral and considerably increase the yield per ton. The greater portion of the ore now taken from the mine comes from the fourth level, both north and south of the shaft. In many places where the miners were breaking down the quartz, we were able to see black lumps of silver and particles of gold glistening in the dingy light of the candle which we carried. The fifth level will be ready for stoping in a few days, when immense quantities of ore can be taken out. A long and substantial tram-way is being built north of the house and other improvements are being made.

There is about two hundred tons of ore in the Ida Elmore shute. The main shaft is now 415 feet deep, which takes it down nine feet on the sixth level. Most of the work is now being done in the fifth level where, for 100 feet north of the shaft, the vein is fully four feet in width and richer than in the level above. It is the same with the Ida Elmore as with the Golden Chariot, the deeper it is worked the vein becomes wider with better average pay.

Mr. Young has a force of men at work night and day on the Corduroy. They are stoping fifty feet north of the shaft. We also noticed that they were squaring up the drift directly under the Peck & Porter shaft. The vein looks well and shows rich in gold and silver. When developed it will undoubtedly be as valuable a mine as any in camp.

We are informed that work will be resumed on the Peck & Porter next week. It is also reported that steam hoisting works have been purchased and as soon as possible will be erected at the shaft of this mine. We understand that arrangements have also been made to do the hoisting of the Corduroy through the Peck & Porter shaft which is situated near the boundary between the two mines.

France & Co. are still taking out good looking silver ore from the Baxter, which will be milled as soon as the condition of the roads will permit hauling.

The Empire presents such encouraging prospects that Judge Robinson has decided to erect a whim, which will do away with much hard manual labor.

There is a large quantity of ore ready for hauling at the Poorman. By the first of next month they expect to have 700 tons.

The Grace Brothers have purchased the old dump pile at the Oro Fino mine and are now sluicing it out, with a prospect of realizing several thousand dollars. They are also mining in a gulch near the Peck & Porter with a prospect of fair pay as long as water lasts.

Mr. P. McMahon is washing out the old Silver Cord dump, which will undoubtedly pay well.

The placer mines are now in full blast, most of them running day and night. Not many clean-ups have yet been made, but we hear good reports from Slaughterhouse, Jacobs and Blue gulches. Miners in the Wagontown diggings are busy representing their claims, which, if they did not, would be subject to forfeiture on the 15th. The Florida mountain placers are being worked night and day. They have as much water as their ditch can carry, and could have a great deal more if the ditch was bigger. The hydraulics are at work and we can see the lurid glare of the torches from our window at night. When the first clean-up is made we expect to hear of something good.

Just before going to press a report of a rich strike comes from the Florida mountain diggings. Messrs. Dullberg, Hardy, Bailey, Angel, Miles and others interested are in ecstacies over the welcome news.

Garfielde's Majority.

[From the Walla Walla Union, May 12th.]

Last year, Garfielde was elected over Moore by a majority of about 150. More got, we think, 200 votes more in Walla Walla county, than Mix will get. We think so, because he was, in the first place, more popular with the Democrats; next, he had more money to spend, and he spent it; then, many residents of Oregon voted for him who will now have to stay at home to try and save their own bacon. Again, Moore had never, as Mix has done, bolted the party nomination, and, out of disappointed ambition and spite, labored zealously to defeat his own friends. We are mistaken if those former friends in Walla Walla county don't show him that it is best for man to be true in politics as in everything else. We start out, then, with an increased vote for Garfielde of 200 in this county, and we think he will get it. The Republican vote on the Sound has largely increased since last year, first, by about 40 of the 70 bolters coming back again, next, by an actual increase of voters. From those who have made the most exhaustive calculations on the Sound, and river, and who know every voter personally, we learn that Jefferson county, which last year gave Garfielde 181 majority, will this year give him in the neighborhood of 220. Kitsap, which gave him 164, will give him 240; Snohomish, which gave him 5, will give him 50; Pacific which gave him 42, will roll up 100; Whatcom, where Moore had a majority of 26, will, in June, give 30 for Garfielde, for the coal pits are open again, and the miners are all for Garfielde; Clalam gave 37 majority for Garfielde; it will now give him 50; Thurston gave him 48, despite the influence of officials, since removed, it will now give him 100; King will increase her majority of 8 to 50; Pierce went by a majority of 8 for Moore, it will now give Garfielde a slight majority. The increase everywhere has been proportionately as great, and we confidently predict that Garfielde will be re-elected by a majority of between 500 and 700.

DEMOCRATIC DECENCY.—We clip from an eastern Democratic paper the following paragraph:

"In the days before the flood, the *Examiner* used to receive lovely letters from the South, and we occasionally receive now some specimen of the same old flavor. Here is one from Frankfort, Kentucky: 'I have been wonderfully taken in by a lady friend, who was good enough to make me a present of your paper for a certain length of time. It was recommended to me as a good Democratic paper, but if there is anything Democratic in it I have not yet found it. I judge from what I have read, that you glory in the downfall of the South, and also rejoice over the misfortunes of our much loved President, Jefferson Davis. Be that as it may, I order you to discontinue your black radical paper to a true-born Southern woman, and a lady.'"

CURRENT NOTES.

The Quebec *Gazette* gravely discusses the consideration given by the papers of the United States to the "Fenian scare," objecting to the phrase, and declaring that the "volunteers are only afraid the Fenians won't come."

General Sherman has prohibited the use of violet and all the various "colored" inks in official correspondence and records throughout the army, except carmine or red ink, as generally used in indorsement, ruling or record books.

A personal item, which of course is given prominence, in the columns of the Honolulu *Gazette*, reads thus: "His Majesty is enjoying exceeding good health at Molokai, and is very much interested in branding the calves of his large herd of cattle there."

The Philadelphia *Press* says: "For the first time within living memory, there is not a gambling house publicly open in Philadelphia. The blaze of light through half drawn blinds and half open doors no longer at midnight lures our youth from home or tempts the stranger."

The Atlanta *Intelligencer* reports three or four young Chinamen in that city on a tour of sight seeing. It says "what is particularly noteworthy in reference to them is that they have come here for the purpose of entering Howard University (negro) and going through a course of study, after which they will return to China."

The West Virginia Republicans are to hold their State Convention in Parkersburg, on the 22d of June, to nominate candidates for State officers. The call is addressed to the white and black Republicans, and characterizes the Democratic party as "the political representative of the defunct Confederacy." All who in good faith abide the decision of the war, desire to see the complete extinguishment of political inequalities and the restoration of an era of charity and good feeling and are willing to co-operate with the Republican party to effect these ends, are cordially invited to representation in the Convention.

The California *Christian Advocate* tells the following: "One morning last week, as we came out of the postoffice, a bustle in the portico attracted our attention. A number of lads, from ten to twelve years of age, who spend much of their time in that vicinity, were playing tricks upon each other. An ill directed motion, on the part of one of the embryo rowdies, knocked the pipe out of his friend's mouth, and falling upon the solid floor it was broken into pieces. It was a nice article, an imitation of a *meerschaum*. It was a sad loss, and deeply felt. The *pipeless* lad leaned up against the wall, drew the dirty sleeve of his jacket across his eyes and blubbered piteously. How we sympathized with him!"

The question of woman suffrage will shortly be submitted squarely to the male voters of the State Illinois, for adoption or rejection. It will be defeated, of course; but the occasion will show better than any test which has yet been made, how the people of a large and enlightened State view the proposition. It will probably be found, when the vote is analyzed, that the foreign element of the State will be nearly unanimous against it, and this element constitutes one-third of the voting population. The voters of that part of the State which is stocked from New England and the Middle States will, it is anticipated, be divided on the subject about equally, while the portion settled from Tennessee and Kentucky, including the territory known as "Egypt," will undoubtedly be solidly against extending the suffrage to women. Consequently, it is safe to predict a very large adverse vote.

One of those strange beings we "read about" has been found in the owner of a number of Government bonds, residing at Brattleboro, who informs Gen. Spinner, United States Treasurer, that for some time past he found an old stove a convenient safe for his bonds; but recently, without his knowledge, the stove was used, and to his astonishment, the bonds were baked to a crisp. The Treasurer has notified him to forward with the greatest care the "baked bonds," and, if they can be identified, the Government will either pay their value or issue registered bonds in their place.

Seek the Country.

[From the Marysville Appeal.]

A New York paper, in an article on the advantages of the country over the city, for laboring men, has exactly hit the case of those laborers who have crowded into San Francisco, and complain of hard times, when the country offers them a good living with opportunities far better than the city afford, for achieving an honorable independence. The arguments given below refer to New York, yet how much more applicable are they to California, where excellent lands can be had almost for the asking, and where so many avenues of wealth are open to those who have the spirit and the energy to seek, and travel them. We quote from the article referred to: A poor man who means to gain his living honestly, yet chooses to abide in the city must be a spiritless creature. He knows that hirer and hireling stand on a footing of equality in the country—that the labor of the one fairly balances the money of the other, and that neither feels any obligation beyond the exchange of honest work for punctual payment; while all is different in the city. Here the throng and press of needy applicants converts employment into charity, giving work into a covert mode of giving alms. "Can't you give me something to do?" pleadingly inquires the applicant, as though he were asking for cold broken victuals at your basement door or window. This importunity degrades and debauches labor; yet there is no help for it, so long as thrice as many seek to live in cities as are needed or can be useful there.

We plead for reform in the interest of Labor, of Poverty, of Manhood. The country is now most inviting, and the farmers are as busy as bees. If you have any skill at their sort of work, they need it; if you have none, you need to acquire it. Suppose you can earn no more than your board at first, the capacity, the knowledge you would acquire by a few months' faithful labor, would be an independence. Do not say, "I never did any out door work;" for that is your misfortune which you should resolve forthwith to overcome.

But two-thirds of our petty storekeepers and shopkeeping mechanics ought to migrate. Here they barely exist in a competition which all but starves each other; the slender means which they can no longer increase, because of diminished energies and increased family expenses, would be a little fortune in the South or West. Let each resolve to put a few acres between himself and the probability of famine this very spring. Let him give his children the advantages which only country air and country life afford. Let him resolve that the least fortunate among them shall at least be trained to industry and efficiency in some pursuit where employment does not involve beggary. Men and brethren! resolve that 1870 shall not leave you in rented lodgings, if it be possible meantime to make yourselves the owners of homes!

RAILROAD SPECULATIONS.—The Shasta *Courier* of May 13th indulges in the following railroad speculations: "We have heard that the surveys spoken of are being made by the Central Pacific Company, but have received no definite information on the point.

It is reported via Fort Crook, that the Union Pacific Railroad Company has just run a survey from Promontory, this side of Salt Lake, to Big Valley, Siskiyou county. It is surmised by some that the Union Pacific intend to extend their line from Salt Lake to some point on the Bay of San Francisco via Madeline Pass and the Sacramento valley. Perhaps the company also contemplate extending their line on from Madeline Pass through the Klamath Lake country to the Willamette valley, Portland and Puget Sound. Such we imagine is their intention. If the road be once completed through Madeline Pass into Pitt River valley, it would be but a slight enterprise to extend it down through this county, and on to connect with the Vallejo road at Red Bluff or Woodland. Madeline Pass is about fifty miles above Fort Crook, and possesses an altitude of only 5,000 feet above the level of the sea. The elevation of the Pass is gradual and the country in its vicinity is comparatively well supplied with timber.

The Daily Oregonian

THURSDAY MORNING MAY 26 1870

Their Repudiation Record

The repudiation organ of this city in the days of its red hotness published a great many articles to fire the Democratic heart against the national debt and to show that the said debt was a most odious and iniquitous thing which ought to be sponged out at once For instance on the 13th March last it said

> The OREGONIAN says that some gentleman in the Lane County Democratic Convention offered a resolution in favor of repudiating the public debt and that it was rejected We are of opinion that it was very properly rejected Simple repudiation would be unjust to the taxpayers of the country The fact is that the bondholders owe the Government several millions of dollars and if the debt is equitably adjusted they will have to pay the amount back into the Treasury If the debt was merely repudiated we would lose what the bondholders owe us

Here was the theory of repudiation and of compulsory disgorgement together It was advanced by the repudiation organ here several days before it was proclaimed by Mr Fay in his noted letter Five days after the appearance of the extract quoted above, the Albany Convention was held The organ urgently demanded of the Convention, prior to its meeting that this debt question should be fairly and fully met The Convention was implored to consult the wishes of the party and give it a platform as outspoken as the organ had been Nothing less would satisfy the bold and resolute Democracy When the platform appeared the repudiation organ was in ecstasies over it The Convention it declared, had fully expressed the views of the party on this vital question Article after article appeared, in which the platform was extravagantly lauded After a few days the "compulsory disgorgement" letter of Mr Fay came out This also was seized eagerly by the repudiation organ and praised without stint It was paraded as a true interpretation of the platform, and as conclusive proof that the party was fully united on this leading issue of the campaign The repudiation organ was puffed up enormously by the endorsement it had received from the State Convention It had been designated as the State organ as a reward for its boldness and intrepidity in pressing this "vital" issue, it had brought the party over to its views on repudiation, and the battle was to be fought on this one question No better advantage was wanted over the "Radicals" than was presented in the position which the Democratic party had taken

Well, this lasted about a fortnight Ever since, the organ has been trying to get away from the position to which it committed itself. It now spends its time and space in talking of the most distant things in the most loose and irrelevant way No reference has been made in its columns for weeks to the one only "vital" issue before the people It proses away at great length on dry and remote subjects, but never touches the subject which it first proclaimed was the great absorbing issue before the people of Oregon

But though it does not now speak out on the subject, it has made a record which fully commits it and the party which has endorsed it to the odious doctrine from which both it and the party are trying so hard to escape To ascertain whether the Democratic party in this State really favors the doctrine of repudiation, it is only necessary to consult this record. It is a record that was made with deliberation, and the position is one they would not be trying so hard to escape from but for fear of defeat. But Republicans throughout the State are looking to it that they do not get away from the one great "vital" issue of the campaign

An Impressive Contrast.

Not only is the honor of Oregon at stake in the political contest that is shortly to be decided, but the material development and prosperity of the State also depends in no small degree on the result. Let our people ask themselves if a party that puts forth such a platform as was constructed at Albany is likely to do much for the advancement of Oregon. The triumph of that party would commit our State to a policy that would be detrimental to all its interests It would commit the State to a policy that is in direct antagonism with the sentiments of the great body of the American people, and indeed, on many points, in antagonism with the ideas of the more liberal and patriotic portion of the Democratic party in all sections of the country. The doctrines enunciated at Albany are illiberal, narrow, reactionary and in some parts, dishonorable. The American people never would approve them They could not obtain the support of one-tenth of the people, on a fair vote, the country over

Why should the people of Oregon give them their approval? Why should they commit themselves to a policy at once narrow absurd and dishonorable? Why should they chain themselves to the body of this death? Our State now has a promising future why put this check upon its advancement? For Oregon to endorse the Albany platform would tell against her good name and her material interests Look to the many States where the Republican party is and has been for years steadily in the ascendant. See what an enlightened and honorable policy has done for them They are rapidly increasing in population and wealth, they have built and are building railroads in every direction they are pushing ahead with rapidity in every line of improvement. Contrast with them the few States that have steadily adhered to Democracy, so-called, for several years past There could be no more impressive lesson

Editorial Notes

By the new army bill the list of retired officers is fixed at 300 All officers not on active duty six months after the reorganization is completed are to be discharged with one year's pay and allowances or at their option, be furloughed on half pay until they shall be assigned to fill vacancies None of the Major-Generals are to be discharged The work of reduction as to officers of this grade is to be left to resignation and death Already since the bill was drafted the hand of death has taken from this list the noblest name of them all

The profound genius of the Democratic organ tries to justify the twaddle of the petty demagogue of its party who pays no taxes or next to none but who rails all the time about the burden of taxation by saying that 'the less he pays the more he feels it This will do It will serve as a powerful argument for the remainder of the campaign For when it is proved by convincing logic that the man who don't pay a cent of taxes is the victim who is most oppressed by the "burdens of taxation what can any one say in reply?

Gen. Jackson's views on the tariff were these A careful and judicious tariff is much wanted to pay our national debt afford us the means of defense within ourselves and adequate and fair protection that our manufactories and laborers may be placed on a fair competition with those of Europe This has always been substantially the policy of our Government under all parties but the so called Democratic organ at this place holds that Gen Jackson's opinions were neither sound, nor Democratic nor in accordance with correct ideas of political economy

Those people who are continually in dread of something that is to happen perhaps which will be detrimental to the interests of this city and of the State and give railroads undue privileges or assistance in case Republicans are elected to office ought to reflect upon what has already happened under Democratic management here The pretence that the Republicans would favor legislation or take action that would be contrary to the real interests of the city should not blind people to the record already made by Democrats who taxed this city heavily ostensibly for a fence around Market Square or some other trifling object but in reality for railroad aid Many thousand dollars of money drawn from taxpayers have been thus appropriated here, and an immense sum would have been drawn from the people in this way had not the operation been stopped by law Is it not now the height of impudence for the men who did this to charge that the Republicans, if they get power, will ruin the city of Portland and injure the State by assisting railroads in a way which the Constitution prohibits?

A Base Expedient

Some of the Democratic and Bolters newspapers of Puget Sound have published a card signed by some 'imports' stating that they were hired to go over there from Oregon to vote for Garfielde The *Herald*, of this city, yesterday published the same thing We find in the *Commercial Age* of the 21st a notice of this document in which it is positively denied that any such arrangement was ever made by Mr Garfielde, or by anybody for him with these hired men and the charge is directly made that these same men who sign the card, *were brought to Olympia through the Agency of Blinn and were paid with Blinn's money* From Olympia they were sent down the Sound but the plot being discovered the Republicans made the country too hot to hold them, and they *fled* back to Olympia It is not improbable that they were paid with Blinn's money to make the affidavits referred to There seems to be baseness enough in Blinn and his 'hired men for anything

Thirty years ago a keg containing butter was let down into a Pennsylvania well to cool It was taken out recently and the butter found sweet

The famous yacht *Henrietta*, formerly owned by James Gordon Bennett, Jr of New York is loading at Lincoln's wharf, Boston, with a cargo of rum for Africa.

One Charleston paper remarks that for all practical purposes the issues of the past, so far as the State of South Carolina is concerned are held "in mortuary abeyance."

The value of the tea annually imported in o the United States (including duties) is about $17 000,000, of coffee about $54 000 000 of sugar and molasses, about $80,000 000

It is understood that 30,000 tons of railroad iron will be forwarded this season from Johnstown Pa., via Erie to Duluth to be used in the construction of the North Pacific railroad

Gov Reed has lately returned to Tallahasse and reports that a better feeling exists among Northern capitalists business men and agriculturists toward Florida than any other Southern State

Isn't it unkind of Ericsson to invent an invulnerable and indestructible iron-clad, and then invent a torpedo that will blow it higher than a kite It seems like a put up job on the 'best government.'

Warren, Penn has just received 'the finest new hearse it has ever had,' and the *Mail* announces that those who unfortunately need this or coffins to go with it can be accommodated by calling at the new furniture store opposite the postoffice

The Boston *Post* asserts that the basket trade of Chicago is increasing, owing to the demand for that article in which to leave deserted babies on good men's door steps This may be true but we can't quite credit the 'good men' part of it as applied to Chicago

Brick Pomeroy has written a two column letter from Richmond to the *Democrat* describing the charge of the Confederate brigade under General Pickett, at Gettysburg, "where" he says, the armies of Generals Lee and Meade held high carnival " High carnival in connection with a battle, as Old Polonius would say, is good

The sculptor Gibson saw Garibaldi when he entered Rome in the days of the Revolution and he wrote then about him — "He is quite young and I have seldom seen a more beautiful head his profile is like a statue All eyes are turned on him, particularly those of the ladies As he is beautiful *tireless* and brave he is sure to please them

The public debt has been decreased seventeen and one half million dollars since the first of March The quasi Democratic Administration of Andrew Johnson, found it impossible to get along without increasing the liabilities of the treasury It makes a great difference whether the Executive head of the Government is determined on retrenchment or not

A young man who had spent a little of his own time and a good deal of his father's money in fitting himself for the bar was asked after his examination how he got in "Oh! well" said he, I answered one question right "Ah! indeed" said the old gentleman with a look of satisfaction and what was that?" They asked me what a *q i tam* action was" 'That was a hard one! And you answered it correctly did you? Yes I told them that I did not know"

Once Miss Hosmer accompanied Gibson the sculptor on a tour in Switzerland The latter had three pieces of baggage but Miss Hosmer observed that to the end of the journey one of the three was never opened and on asking why he had not taken it with him The Greeks had a great respect for the number three—yet the Greeks for the number three —was all the explanation she ever obtained

How a book agent succeeded in pushing his wares in Minnesota is thus related by himself I went into a lawyer's office yesterday and asked if he wanted to subscribe for our new book. He answered me so savagely that we got into hard words and he finally struck me I then went to work and blackened both his eyes kicked him around his office and down his own stairs into the street and I have just paid ten dollars for the fun But it has been a good speculation as the lawyer is hated by nearly everybody and they are so glad that he was licked that I'm getting lots of subscribers

The Marysville *Appeal* of the 10th inst says Governor Haight is in his glory On Saturday last he published a very lengthy letter in which he attempted to prove that the people had no right to vote money for internal improvements conducted by individuals and corporations which epistle called forth the compliment from the press that his arguments are worthy of serious consideration This so tickled his vanity that he must needs write another letter on the same subject the next day We sincerely trust, that the press will be chary of its compliments or we may be daily inflicted with lengthy opinions from his Excellency for the remainder of his Gubernatorial term Let us not suffer the sorrowful spectacle of our Governor reduced to the condition of Mr. Dick with his never ending "memorial."

Gov Salomon in Portland

AN IMMENSE MEETING — GREAT ENTHUSIASM

Gov E S Salomon of Washington Territory addressed an immense audience at the Court House last evening—one of the largest assemblages of the campaign The meeting was opened with a patriotic song by the Republican Glee Club of Washington Territory led by Chapman which elicited great applause Gov Salomon was introduced by Hon J H Mitchell and was received with cordial demonstrations of welcome by the audience and was frequently in the course of his speech applauded enthusiastically. The Governor is an excellent talker and he presented in the plainest manner many excellent reasons why the Republican party should continue to receive the confidence and support of the people and especially of the German Americans. That part of his speech we think was well calculated to disabuse the minds of those Germans who have attached themselves to the Democratic party of many misconceptions in regard to the aims of the two political parties of the United States He said that he was astonished to find here a number of Germans who vote the Democratic ticket because in the State he came from a German Democrat was almost unknown and and because a German Democrat is something unnatural and he hoped to be able yet to convince all of them that their natural affiliation is with the Republican party—the party of liberal ideas and progressive policy In a day or two we shall take occasion to state his argument in this behalf—certainly a very good one and, we think one which had excellent effect upon the foreign born element in the audience

The Governor treated briefly upon nearly all of the issues involved in the canvass always clearly and frequently in the most happy terms eliciting laughter or emphatic applause according as he adopted the humorous or serious style of address

At the close of his speech the Glee Club favored the audience with a couple of campaign songs, humorous and adapted to Oregon politics and politicians They contained a number of most excellent and palpable hits and as they were rendered in first rate style they provoked storms of laughter shouts and cheers The meeting broke up at a late hour with three rousing cheers for Gov Salomon three more for the Glee Club three for the band and three for the cause After the adjournment a great number of both ladies and gentlemen in the audience came forward and were presented to Gov Salomon and his friends The meeting was a most decided success in every particular and we mistake if its effects be not very sensibly felt in the approaching election

T F Tilden and wife to F M Warren and W Wadleigh lot [illegible] in block 33 Couch's Addition $1 200

M Jones and R Pragg to J Kennedy lot [illegible] in block 184 $800

Badly Injured.—A man by the name of Lewis Hale who owns a farm in Powell's Valley met with a very painful and possibly fatal accident yesterday in East Portland. It seems that he had been away somewhere in a small boat and returned and had gone to the railroad embankment to deliver up the key to the boat to some person living or working in that vicinity, and had climbed up the bank. When near the top his foot slipped and he fell a distance of fifty feet perhaps falling on the right side and shoulder. His face was badly bruised. He was picked up insensible and taken to the hospital and at last accounts was still alive but hopes of his recovery were very doubtful

Celery and Onions.—An eastern medical journal says: "Many persons become so much affected with nervousness that the least annoyance greatly agitates them, and when they stretch out their hands they shake like aspen leaves on windy days. By a daily moderate use of the blanched stalks of celery as a salad they may become as steady and strong in limbs as other people. Every one engaged in labor weakening to the nerves or afflicted with palpitation of the heart, should use celery daily in season, and onions in its stead when not in season." Everybody is aware that onions produce a strong breath.

Reception.—A large concourse of people were on the wharf to receive Gen Saldmon yesterday on his arrival from Olympia. The 23d Infantry Band was in attendance and taken all together it was a handsome reception to a distinguished and talented gentleman. The General is accompanied by three other gentlemen from Illinois. They are stopping at the Occidental. The procession, which followed from the steamer landing to the hotel was so large as to pack the side walks and streets along which they passed. The Governor addressed a very large audience at the Court House in the evening, notice of which is made in another part of the paper this morning

Telegraph Masts.—In consequence of the unreliable cable at this point connecting the telegraph lines for east of the mountains we learn that the O S N Co have ordered masts to be erected for crossing the wire here and the Western Union line will join with them in erecting and maintaining the same, thus crossing all lines upon those masts. Each mast will be at least 170 feet in height and the wires when stretched over will be about 150 feet above the surface of the water at any ordinary stage of the stream

The Colt and His Keeper.—Marshall Blinn is known all over the Sound by the soubriquet of "Thompson's Colt." "His keeper" is Dennison. The papers over there speaking of his movements, place it thus: "The colt and his keeper." He was called "Thompson's colt" two or three years ago by the Olympia *Transcript*—the only paper in the Territory that now supports him.

O C R R.—Mr Gaston, President of the O C R R arrived from the East on Tuesday evening. He states that the prospects of the railroad are highly promising. The contract entered into with parties at the East contemplates the delivery of the rails and rolling stock for the first section of the road in time for the track to be laid for twenty miles by the first of January next.

Card from Col Chapman.—Col W W Chapman addresses to the Democratic Central Committee of this county these words, under date of the 25th: "I respectfully decline to allow my name to be used as a candidate for County Surveyor. The *Herald* can now without restraint, explain what part of my speech at the Court House was 'otherwise' than Democratic."

Supper at the Orient.—Mistletoe Grove No. 3, U. A. O. D., of East Portland, were visited by Concordia Grove No 1, and Morvin Grove No 2 on Tuesday evening, after which the members of the visiting groves were sumptuously entertained at the Orient house. Our East Portland neighbors are winning some considerable fame for their true and generous hospitalities

Vancouver Packet.—We are informed that a movement is being made at Vancouver to put another steamer on in place of the *Fannie Troup*. Wasn't the *Troup* good enough or didn't she run at the right hours or why was it, that she was not supported in a manner to justify her owner in keeping her on the line?

Correction.—We are informed by letter that an error has occurred in the name of the party brought to the Asylum from Benton county. The name of the insane man was Swann. He was conducted to the Asylum by Mr Curtis

Masquerade.—The young folks of Oregon City give a masquerade on Friday evening at Barlow's new building. Every new establishment erecting in our sister city receives some appropriate dedicatory festivities

In the Country.—We learn from the *Blade* that Mr Hugh Stoop has contracted to build a fine residence on the farm of J C Brawley, near McMinnville. The work is already progressing

Lecture.—Judge Alanson Smith of this city, will deliver a lecture next Friday evening, before Brooklyn Lodge of Good Templars, near East Portland

Bishop Morris.—The *Mountaineer* informs us that Bishop Morris will hold services at the Dalles on Sunday morning in the Congregational Church there

Public Speaking.—Hon J F Caples, Hon A Q Gibbs and others, will address the people of Powell's Valley on Monday the 30th

In Blossom.—The locust shades of this city are very fragrant now being in full blossom.

The Oregon Land Grant.—The New York *Tribune* of April 30 has the following

"The most interesting and vigorous debate which we have had in the House this many a day was heard yesterday on the bill to grant land in aid of an Oregon railway. Mr Holman of Indiana, in a most illogical argument against all land grants mentioned that ten million acres of land had been taken in 1869 under the Homestead act, but concealed the fact that nine-tenths of the acres thus settled upon were in the vicinity of the great railways which form the attraction to Western emigrants. This is a fact which cannot be disputed and which we are surprised to see ignored. It is also a clearly demonstrated fact that it is to the interest of the railroad companies which have completed their lines by Government land aid to sell at low rates to actual settlers rather than to speculators at high rates and there is evidence that the companies encourage actual settlers. The Pacific coast ought to be developed and there is no better disposition to be made of a part of the public lands in that State than by giving them away in encouragement of internal improvements

The Red River Expedition.—The Quebec *Mercury* has the following in regard to the troops organizing to march against the Red River insurgents

The uniform of the Red River troops will consist of a green tunic grey trowsers with black stripe, beef moccasins with sun shades. The rifle will be the short Snider Enfield and the accouterments will be new from military stores. The expedition will consist of 1 800 infantry two batteries of Royal Artillery a train of Royal Engineers and Mounted Police

Capt Cameron left for Toronto yesterday and will meet some of the men at Prescott Junction. They will at once commence drilling. Mr Simpson M P of Algoma has been selected as guide to the troops at Fort Garry

It is now reported that the Imperial Government, recognizing the obligation to give Canada peaceable possession of a territory of which that Government has negotiated the cession is to pay the expenses of the Red River Expedition. We believe this is correct.

OREGON

The new mines near Randolph in Coos county are attracting considerable attention of late

Hon J N Dolph of this city, will speak at Salem on Friday evening on political matters

The McMinnville *Blade* publishes a challenge to bet $500 that Yamhill will go Republican on the 6th of June

The Upper Columbia is again rising. A dispatch to the *Commercial* of yesterday, from Umatilla says: The river rose 6 inches last night

A convention of ministers will be held at McMinnville on Monday the 30th inst. Rev Wm Roberts will deliver a lecture on Sacred Geography

The contract for doing the carpenter work on the mammoth Commercial Hotel at Salem has been let to Scott & Co at $5 700. The shop work has been let to Cook & Smith $3 790

It appears from the newspapers that ex Senator Harding who is stumping Marion county having been "chocked" on the Chinese question now devotes his allotted time to discussing the tariff on *teasles* and such. Teasles are small burs used by bloated manufacturing monopolists such as Grover and Smith

An additional lot of those handsome suits worn by everybody both heavy and light weight was received by Kohn & Fishel No 93 Front street. They are equal to the best custom made and pleasing to all men that wear them. They also received an extra fine lot of striped calico shirts and Star white shirts. Their stock in clothing is the largest and finest in Oregon and sold at extreme low prices

B L Stone gets new supplies of Jewelry, Watches Chains Clocks Silver Plate Spoons, Butter Knives, Napkin Rings &c &c , by every steamer which he proposes to sell so cheap that no one need be without those articles

Personal.—That young man whose father is a School Teacher can learn something to his advantage by calling at the City Surveyor's office

Help for the Miserable

No wonder that the face of the dyspeptic has a dragged worn hopeless expression that is pitiful to see. No wonder that the miserable martyr to indigestion is fretful, irritable and unsocial. Whoever can bear the pangs of this tormenting complaint cheerfully, and with an unruffled temper is little short of a saint. But why should human fortitude continue to be thus severely tried, when an absolute specific for the disease is always at hand. Everywhere within the limits of civilization in this hemisphere Hostetter's Stomach Bitters is obtainable, and the history of the first case of dyspepsia in which it has been administered in vain has yet to be written. The sickness at the stomach, the sense of weakness and stupor, the feeling of emptiness and hollowness before eating and of oppression afterwards, the fluttering of the pulse, the intense nervous irritability, the morbid indisposition to exertion, the weariness of life and indifference to its pleasures which are among the symptoms of the disease in its chronic form are rapidly ameliorated by the tonic operation of this palatable vegetable restorative which seems to renovate and quicken all the dormant forces of the system and rouse the mind from the apathy and gloom inseparable from a derangement of the digestive and secretive functions. In ordinary cases a few weeks suffice to complete the cure, but when the disease is complicated, as it often is with torpidity of the liver, severe constipation, impurity of the blood and a sluggish circulation a longer time may be required. Persevere however and the result is certain. An encouraging improvement will be perceptible from day to day, and the convalescent knowing and feeling that he or she is on the high road to health will await the happy issue with comparative patience

G. VENARD,
CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 525 AND 527 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commends here and in the markets of the interior, a relatively higher price excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless buyers should be forewarned, and placed on their guard against this practice

BEWARE OF COUNTERFEITS.

Each package bears the signature of G VENARD

Lippincott's Magazine [illegible]

Fremont's Railroad Operations

(From the Sacramento Union

The great Pathfinder of former and somewhat historic days, seems lately to have been pursuing financial paths more devious and dangerous even than those once ventured in the unexplored wilds of our Western continent. We have received a pamphlet, recently published in New York, which contains the preliminary proceedings in a suit commenced in the Supreme Court of that State by Stephen Sarter against Fremont and several of his associates. The Court appeared to think the facts stated upon the oath of the complaining party sufficient to authorize an order for the arrest of the defendants and the holding them to bail in the sum of $10 000 each.

Fremont is the President of the Memphis El Paso and Pacific Railroad Company, a corporation chartered by the State of Texas in 1856, for the construction of a road from Texarkana, on the eastern boundary of Texas to a point on the Rio Grande near El Paso, and the other defendants are officers and agents of the company. Sarter charges that these parties procured from himself and others in Paris during the years 1868 and 1869 by false and fraudulent statements and misrepresentations, the sum of $4,500 000 in gold by the sale of 6,000 000 of what were termed land grant bonds of the company. The alleged false representations were such as these that the company was the absolute owner by a perfect title of more than eight million acres of the most fertile lands of Texas, worth at least $14 per acre when in fact it owned no land by reason of having failed to build any part of the road, and that it was falsely represented that by the terms of the grant the bonds were secured to the holders by mortgage upon the lands whether the company failed or not to construct the road.

Again, it was stated that the company had purchased a railroad, fully built and finished from Memphis to Little Rock and from thence to Texarkana by which a connection was formed with all the railways leading from Memphis to various parts of the United States when in truth there was no railroad between Little Rock and Texarkana at all, and only a part of one between Little Rock and Memphis and Fremont's company had no ownership or control in any proposed line of road between those places.

Another alleged false statement was that the Memphis, El Paso and Pacific Railroad had purchased the railroad extending from Memphis, via Knoxville to Richmond and Norfolk, of about 1,000 miles in length. Another statement, better calculated to deceive the Parisians than all the others, was put forth with all the circumstance and assurance of truth. Congress, it was said, had in March, 1869, passed an Act guaranteeing the payment of six per cent. interest on the construction bonds of the company issued or to be issued to the amount of $30,000 per mile, and had also guaranteed the payment of the bonds at maturity, and that the proceeds arising from the sale of said bonds were to be used in the construction of the road. An Act to that effect had merely been introduced in Congress. These statements were spread in the French market with great pomp and circumstance, under the authority and personal supervision of Fremont, as it is alleged. Two hundred thousand dollars were expended in advertisements, and in printing and circulating pamphlets and maps, in which the railroads, lands and properties of the Transcontinental Memphis Pacific Company, as it was known in Paris, were glowingly described.

The $4,500,000 realized by this operation Sarter says was disposed of as follows: Two French brokers received for commissions on sale of bonds, $900,000, Fremont and William Schmole, the Treasurer of the company received for commissions, $550,000, other officers were paid for commissions and services $315,000, G. Boileau a brother-in-law of Fremont, received for services in recommending the loan, $150,000 advertisements and maps cost $200,000 office expenses, salaries and miscellaneous items, consumed $150 000 old debts, coupons and taxes used up $600 000 lawyer's fees were paid to the amount of $60 000, money spent in construction of road is put down at $300,000. Purchases of railroad iron, locomotives and interests in railroad companies amounted to $830 000—leaving on hand the sum of $300 000 for the payment of freight, duties on iron, lawyers fees old debts and other contingencies. The history of the affair, of which the foregoing is the substance, is given with great minuteness and detail in the sworn complaint of Sarter who invested about $116,000 in the bonds, and is, to some extent, supported by other evidence. This is, of course, only the statement of one side of the case. We hope for the credit of the country, that a satisfactory explanation or contradiction of these charges may be furnished when the defense is presented.

Fremont's name is national. As a great explorer, and ex United States Senator, at one time the leader of a great party and a Major General of the United States Army during the rebellion, his name is so identified in Europe with American character and enterprise that his connection with a speculation of such a character as this seems to be upon the showing made by his accuser cannot fail to cast great opprobrium upon American credit in Europe.

The thriving town of Duluth at the north western extremity of Lake Superior and at the head of lake and river navigation has lately become famous both through its own remarkable merits and through the persistent rivalry it has been exposed to. The great western cities which had an earlier start have looked with astonishment and well affected disgust at this new comer which appears to be inspired by an ambition kindred to their own. They have found reasons in abundance why the new town never can prosper, disabilities natural and artificial which never [illegible] overcome, obstacles to trade and to population on the land and on the water side and signs of recklessness and improvidence everywhere. Meanwhile the new town young as she is, and without aid from the national government, is multiplying its population accumulating investments and laying the foundations for a great city. It has direct land and water communication with all the world East and South and with the Northern Pacific Railroad opened will hold the key to western traffic and may well snap its fingers at any of its rivals on that side of the Mississippi. The prospects of lake navigation are also of the best and on the whole there are few pioneers now going who have so substantial a basis of prosperity as the castle builders of Duluth.

The commercial community of New Haven were convulsed the other Saturday by an overwhelming panic in the egg market. At the "morning call" an old dealer hung out a shingle with quotation at 32 cents. This demoralized the bulls and rival dealers successively beared the market to 30 and 28. A lull of intense breathlessness and fevered prostration ensued when the original bear marked down his stock to 25, and the market closed at that point amid the wildest excitement.

VARIETIES

A man [illegible] wants to know if [illegible] whisky has ever been seen [illegible] through the rye.

Well wife you can't say I ever contracted [illegible] habits. No [illegible] generally ex[illegible] them.

A little girl [illegible] hunt for eggs [illegible] came back [illegible] that [illegible] nothing.

A [illegible] The event [illegible] first of the kind in the city the editor of [illegible] visited the infant [illegible] it as a [illegible]

Quite [illegible] the natives of South Africa [illegible] clothes to keep them warm because they are Hottentots [illegible] a different sort of people altogether.

A correspondent of Brick Pomeroy's [illegible] writes from a southern town that many people in that vicinity consider the editorials in that paper equal in power and clearness to the standard speeches of the most celebrated English statesman.

A New Hampshire man carries what money he has in a pocket book which his father bought in 1776 and which has been in constant use by the two since that day. It is yet in good condition and he has enraptured his son by promising to bequeath it to him.

A Georgia paper prints sundry of its telegrams under the standing caption of "Noon Dispatches." A typographical error made the heading read "Moon Dispatches" the other day and the editor received several communications asking him when the lunar line was established.

At a New Bedford school examination the other day the teacher sought to develop the general intelligence of an infant class by asking "What are cows good for?" After a moment's pause a small hand went up with tremendous energy. "Well Johnny what is it?" "Their stomachth are good for tripe," shouted the young savant.

Fort Sumter to be Rebuilt.—Fort Sumter remains as it was left at the close of the rebellion, but the Engineer Department of the army will soon unless present plans are changed begin the work of putting it in order. It is proposed to use it as a battery rather than as a fort and consequently the works will not be rebuilt in the original dimensions but of less height and greater thickness so that it may more effectually withstand any future bombardment. Much of the original material is available and the expense of repair and change will not be great.

The English people are rejoicing over the prospect of paying off their national debt. The revenue returns for the last year show a total of receipts amounting to £75 000 000 and expenditures amounting to £67 000 000 leaving a surplus of £8 000 000. A surplus of £5 500 000 is expected for 1770-1. It is probable however that there will be a remission of taxes sufficiently large to absorb a part of the expected surplus.

FINANCE AND COMMERCE

Portland Wednesday May 25 1870

Gold at New York to day is quoted at 114⅞—a decline.

Legal Tenders quoted at 8[illegible]@88½c

Dealers in most departments of trade have had another busy day. A successful business season seems now to be assured, and the feeling among our business men is decidedly cheerful. Money is getting easier though there are as yet but few buyers who do not ask some accommodation. Confidence is however felt in the ability of all such to pay before the close of the season and the fact of asking credit on portions of purchases is no material check upon sales.

In consequence of a combination—so it is understood among the San Francisco refiners and wholesale dealers, syrups have advanced about 15c per gal, and sugars from 1 to 1½c per lb. Coffee is also held more firmly with a prospect of an advance. Navy tobacco is 5c higher.

Markets by Telegraph

San Francisco May 25

UNITED STATES' MAIL.

WASHINGTON & ALASKA TERRITORIES.

Post Office Department
Washington April 30 1870

Proposals will be received at the Contract Office of this Department until 3 o'clock P M of Wednesday June 8 1870 (to be decided by the [illegible]) for carrying the mails of the United States from July 1 1870 or as soon thereafter as practicable, to June 30 1874 on the following route in the Territory of

WASHINGTON,

and by the [illegible] of departure and arrival [illegible] specified viz

[illegible] From Port Townsend by San Juan, Fort Tongass and Fort Wrangle to Sitka Alaska Territory 900 miles and back once a month in suitable and safe steamboats.

Leave Port Townsend on the 1st of every month
Arrive at Sitka by the 10th [illegible]
Leave Sitka on the 15th of every month
Arrive at Port Townsend on the 25th of the same month

Proposals to begin service at Portland Oregon instead of Port Townsend 500 miles farther [illegible] Also for service twice a month.

Instructions,

[illegible] to be incorporated [illegible] to the extent the Department may deem [illegible]

The Special Agents of the Post office Department [illegible] their credentials also Post [illegible] bags locks and keys are to be conveyed without charge. The [illegible] agents of the Department should [illegible] be conveyed without charge and [illegible] [illegible] Department [illegible] provided by the [illegible] the direction of the department.

No pay will be made for trips not performed and for each [illegible] omission not satisfactorily explained [illegible] [illegible] be deducted [illegible]

[illegible]

[illegible] must be guaranteed by two responsible persons certified [illegible] a postmaster or a judge of a court of record. The department reserves the right to reject any bid which may be deemed extravagant and also to disregard the bids of failing contractors and bidders. For forms of proposal, guarantee and certificate and also for other instructions as to the conditions to be embraced in the contract, &c see advertisement of September 30 1869 inviting proposals for mail service in California and Oregon and Washington to be found at the principal post offices.

Bids should be sent in sealed envelopes superscribed, "Mail Proposals, Route No 15421, Washington Territory" and addressed to the Second Assistant Postmaster General.

WASHINGTON TERRITORY

For Delegate to Congress:
SELUCIUS GARFIELDE

Republican Platform

Adopted by the Republican Territorial Convention at Vancouver April [illegible]

Resolved That the Republicans of Washington Territory are [illegible] with the great Republican party of the Nation [illegible] that party [illegible] the [illegible] [illegible] and [illegible] known [illegible] rendered [illegible] the party [illegible] [illegible] the most [illegible] that has shown a magnanimity and [illegible] the vanquished that has [illegible] true to the [illegible] interests of the people has opened a highway for the interchange of products of the Eastern and Western portions of the continent that will [illegible] of the wonders of the age.

Resolved That we regard the administration of President Grant [illegible] eminently successful that the difficult questions [illegible] presented by the [illegible] of the rebellion have been settled in accordance with the [illegible] principles of justice and political economy and [illegible] look for a speedy harmonious [illegible] restoration of the constitutional relations between all the States and the General Government.

Resolved That the management of the finances by the Legislative and Executive branches of the Government by the present Administration has been wise prudent and careful and we refer with pride and pleasure to the fact that no financial convulsions have occurred, that the credit of the Government has been sustained and that the relative value of specie and paper currency has approximated as rapidly as [illegible] consistent with the safety of our commercial and financial affairs.

Resolved That the bold and unflinching position assumed by the Administration in regard to the [illegible] has already produced the most salutary results which are evidenced not only by the manifest desire of Great Britain to reopen negotiations but by a willingness to conduct them in conformity with recognized principles of international law.

Resolved That the National and Territorial Governments should be conducted in all their branches with the most rigid economy that the necessaries of life should, as far as practicable be exempt from direct or indirect taxation and that we are opposed to [illegible] to any firm believing that the [illegible] of the nation is of more importance than any pecuniary consideration.

Resolved That we earnestly urge upon the National Government the speedy settlement of our rights to the San Juan and other Islands lying between the Canal De Haro and Rosario Straits and the acknowledgment by Great Britain of our just claims thereto and the importance of [illegible] negotiations for the purpose of securing the annexation of British Columbia to the United States.

Resolved That the North Pacific Railroad and its branches is a work of national importance hence we call upon the General Government for the most [illegible] aid and assistance to secure its early construction and completion.

The Fifteenth Amendment Club will meet at [illegible] Hall every [illegible] Friday evening at [illegible]

C. H. MYERS,

AGENT FOR

RUMSEY & CO.,

Seneca Falls, New York,

THE LARGEST

Pump Manufactory

IN THE WORLD.

The Catalogue of RUMSEY & CO., of Seneca Falls, embraces over 200 different styles and sizes of Lift and Force Pumps. They are now turning out 1 500 Pumps per week which range in price from $3 00 to $400 employing 130 hands in the business. John A Rumsey has recently patented an improved galvanized non corrosive cast Iron Pump which is safe from rust. An improved Hand Fire Engine of great efficiency, is also on their list. The machinery in Rumsey & Co's Factory is of the most efficient kind much of it being of the own invention and is driven by an unfailing water power. They are now building a new factory 84x[illegible] feet, 4 stories. When this is completed they will increase their working force to 300 hands. The business carried on by this firm was established by Rumsey about 30 years ago.—*From Age New York* d1ddtf

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET NEAR COMMERCIAL

San Francisco. Established in 1854, for the treatment of Sex[illegible] and Seminal Diseases such as Gonorrhea Gleet Stricture Syphilis in all its forms, Seminal Weakness Impotency [illegible] Skin Diseases (of [illegible] standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of [illegible] indulgences or from virus absorbed into the system. Look at their pallid emaciated and disfigured faces and their broken-down constitutions disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents guardians friends attend to those who are suffering with any of these horrible life-destroying maladies see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon a physician who has made private disease his special study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities publishing their skill in curing all diseases in a few days imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions the consequence of self-abuse. This solitary vice, or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms unless combatted by scientific medical measures, viz. Sallow countenance dark spots under the eyes pain in the head ringing in the ears, noise like the rustling of leaves and rattling of chariots uneasiness about the loins weakness of the limbs confused vision, blunted intellect loss of confidence diffidence in approaching strangers a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes pimples and various eruptions about the face, furred tongue, fetid breath coughs consumption night sweats monomania and frequently insanity. If relief be not obtained should apply immediately either in person or by letter and have a cure effected by his new and scientific mode of treating this disease which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them nor delay obtaining immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon stating case symptoms length of time the disease has continued, and have medicines promptly forwarded free from damage and curiosity to any part of the country with full and plain directions for use for Ten Dollars sent in registered letter or through Wells Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who with bogus sworn certificates dupe the unwary. Some of these self styled [illegible] names are to be found in the daily and weekly newspapers of San Francisco and other places are tradesmen and became too lazy to work at their trades. Some are but mithe shoemakers newspaper [illegible] keepers etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it but you will find their trade or occupation [illegible] at the Directory for 1862 and 1863 [illegible] and may save yourself many regrets for no advertising physician in eight cases out of ten are [illegible] there is no safety in trusting any of them unless you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles or diplomas [illegible] patient's letters etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR J F GIBBON 623 Kearney street corner Commercial (Private Entrance on Commercial) San Francisco. Post Office Box 282.

REMEMBER TO PUT BOX 282 ON THE LETTER.

Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. l5d6ipt
